AWESOME**

Concept of Innovative Thinking

WHAT EXACTLY IS PEN ASIA?

PEN ASIA was founded with one goal in mind, to provide high quality color printing, with on time delivery to fill the void for on demand large run color printing market. Our team has over 20 years of combined graphic and print production experience. This experience allows us to better understand our customer needs and deliver the design and print quality that exceeds their expectations.

OUR MISSION

Our mission is to provide the best possible services, support, quality printing and on time delivery for every job

Creative Process Concept

THE DESIGN PROCESS

We consider ourselves full reprographics added up with creative design solutions from logo identity creation, print and exhibition design to a full featured web design as an effective tool for your business. Our highly experienced design studio team share their knowledge between creative and technical department ensuring your requirement / demand is produced to the highest quality whatever the media.

Let Us Create Something Stunning For You

Quality Printing Concept

PRINTING

Printing is the hub of our business, be it lithographic, digital or large format, long or short run spot or full color we have a solution to meet all our clients needs. A wealth of experience, an eye for quality and the latest technology enables us to provide the highest standard and absolute accuracy every time.

OFFSET PRINTING

All print areas are utilized by offset printing using our state of the art offset printing presses. we produce company annual reports, brochures, calendars etc.

HOW DOES IT WORK ?

With an offset press, the ink from the plate is transferred to rubber blanket and from the blanket on to the paper. This is done using the fundamental concept that water and oil do not mix.

Giving the Magical Touch

PRINT FINISHING

We have the skill, equipment and desire for quality to provide you the finish your product deserves. Our Range cores guillotine, folder pressers, die cutters, laminates, UV coating and paper trimmers. We have specialist machinery and services. The required quality produce quality, so we provide our technicians with the tools to create the excellence in print finishing that our customers deserve.

MATT AND GLOSS LAMINATION

A fantastic finish matt gloss or even silk lamination is always a popular choice.

SPOT UV VARNISH

When mixing an impact really matters, spot UV varnish is a real attention.

FOIL BLOCKING, EMBOSSED AND DIE STAMPING

Making an impression with foil blocking. Can be done though a special effect finish which can be flat or textured, embossed metallic or nonmetallic.

TRIMMING

Often taken for granted, a good trim is vital. Die cutting (cut to shape) think out side the box and stand out from the crowd with eye catching die cutting.

BINDING

Jolly handy in integral for keeping the pages of your brochures, books, news letters, catalogue annual reports, calendars and documents in a proper order.

Stand out from the Crowd

PACKAGING

Our packaging staff knows how important your job is. After the designing and printing, the delicate job of precisely cutting, folding and binding takes place. At Penasia we take pride in training our staff and carefully maintaining our equipment to keep it in the peak performance. our packaging equipment and proper cutters are fully computerized and calibrated for accuracy.
